Human GP1BA: Published Nucleotide sequence and predicted amino acid sequence

Reported GP1BA Mutations and Polymorphisms highlighted. References listed below

The sequence numbering is according to the GP1BA sequence of Lopez et al "Cloning of the alpha chain of human platelet glycoprotein Ib: a transmembrane protein with homology to leucine-rich alpha 2-glycoprotein." Proc Natl Acad Sci U S A. 1987 84(16):5615-5619.
